

FRANKFORT ROUNDABOUT

Entered at the post-office at Frankfort, Kentucky as second class matter.

GEORGE A. LEWIS.
Editor and Publisher.

FRANKFORT, JANUARY 12, 1884.

Some one writing to the Georgetown Times from Wigginton, this county, in reply to an article in this paper, is still trying to make it appear that the small-pox was carried from this city to Middlesboro, in Scott county, by a workman in the employ of Messrs. Ferguson & Meek, who was sent to that section to do some work, representing the following statement of Mr. Bramlette, in whose family the disease first made its appearance: "He says that the Frankfort man undoubtedly brought the small-pox into his family. He came to Mr. Bramlette's in company with Mr. Ben. Emerson of Scott. The little girl who first took the disease rode in the vehicle from the Mill to Mr. Bramlette's dwelling, and in nine or ten days after she was broken out."

Mr. Julius Metzger, the workman in question, has been a resident of this city for three years, has not been where the small-pox was in that time. Mr. Ben. Emerson, with whom he and the little girl rode, has never taken the small-pox; his fellow-workmen at the Capital Machine works, with whom he has been at work nearly every day from the day of his trip to Scott county up to the present time, have never taken the disease from him; the family of Mr. Samuel McEwing, with whom he has been boarding for six months, have not taken it from him; he himself has never had the disease and never been with anyone that did. All of these facts can be proven by the affidavits of gentlemen, whose word alone will be taken anywhere in preference to the mere statement of the party we believe wrote the communication above referred to. In view of these facts we repeat that no one but a fool would believe any such story. The disease certainly was taken to the neighborhood by some one else, as Mr. Metzger has not been in any city or town where it was during the last three years except in Louisville, and both visits he made there have been since his trip to Scott.

The Roundabout did not charge that Bramlette, upon whom this great misfortune has fallen and who has our deepest sympathy had circulated this report for the purpose of revenge upon Messrs. Ferguson & Meek, but that it was that it might be possible that he had done so, as we knew of no other reason for such an unfounded report.

As for the balance of the communication, if it were written by a gentleman we might have something to say, but being of opinion that its author is a fellow who we know to be beneath the contempt of the meanest cur in his own neighborhood, we shall decline to notice it further.

Mr. S. Fuhs had his site gotten out of the ruins of the Kallenbrun building Wednesday afternoon, where it had been since the fire of Friday. It was of the Hall pattern and he succeeded in opening it the first trial. He found his books and papers all right with the exception that some of the papers were a little scorched and some a little damp.

A woman of the town by the name of Rose Ward attempted to commit suicide at the residence of Mary Burns, near the Gas Works, Wednesday, by taking poison. A physician was summoned in time and relieved her with a stomach pump.

Deputy Sheriff John Dickson, of Leslie County, who recently shot himself at the residence of Mr. J. H. Jones, on Main street, several weeks since, has recovered sufficiently from his wounds to be able to go about his house.

The first hop of the season was given Thursday night by the Assembly Hall Club, and notwithstanding the inclement weather the attendance was good and the affair exceedingly pleasant.

The Cooper shop of Messrs. W. A. Gaines & Co., at the Hermitage Distillery, will begin running with a full force of hands next week.

The mercury is said to have gone down as low as 20 degrees below zero at Lewis reverb on Saturday night.

Owing to the extremely cold weather but a small crowd attended County Court Monday.

A number of persons in this city had their ears frosted Friday and Saturday.

The Hermitage Distillery will begin running next week at full capacity, making one thousand barrels per day.

A Card

Permit me through your columns to return my sincere thanks to the Firemen and citizens who rendered me such timely service during the fire of Friday morning, January 4th.

Respectfully,
PHILIP SEIBERT.

Editor Roundabout:
Nix, of Antioch, is much in error. Col. Allen of the K. M. L. did not insult the "thousands of ladies and gentlemen." Col. Allen did not "style the teacher of the common school as a worthless set," nor does the Courier-Journal so represent him. Col. A. did not speak "slighting of the dog tax," though he did speak "slightly" on the subject. Let Nix first inform himself on the subject of the remarks of the President elect of the State Teachers Association and then make his criticism. The writer heretofore has referred to the "remarks of the President elect," that if the salary of a teacher was not dependent on the dog tax but on their own efforts to give themselves the influence in society that their positions should command. The truth is, that Col. A. has been a lifelong friend to public education, especially to the common schools. He has devoted much of his valuable time to the great work without any compensation whatever. Right out of the eleven teachers of the K. M. L. are Keweenaw, one a Virginian, one a Tennesseean and one an Arkansian. So that the remark of Nix about importing teachers does not fit. In conclusion, the writer ventures the assertion that precisely such thoughts Nix has concerning Col. Allen have been the cause of more injury to public education than the failures of officers to do their duty in the matter of collecting taxes, etc. If Nix be a friend of public education and a teacher let him give a right hearty support to the great cause, though it may cost him his place as a teacher if the monthly pay of teachers be raised to forty or fifty dollars per month.

It is with mournful sorrow that we record the death of Mrs. Cordie Hancock, wife of Rabi A. Hancock, and youngest daughter of J. W. and Martha A. Jackson. The subject of this notice died of heart disease at the residence of her father, Dec. 21st, 1883.

Her illness was somewhat protracted and very painful, yet at last she dropped like a meteor from the sky, and her spirit waited for the flight of angels to that celestial city, from which no traveler returns. The funeral services were held at the residence of her father, Dec. 21st, 1883.
